Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student, hobbyist or parent with a story idea	Turn a one-line idea into a finished, illustrated comic	Drawing, scripting and page layout take hours and need artistic skill	No simple tool combines story writing, image generation and layout	Frustrated and discouraged
PS-2	A teacher or content creator preparing visual material	Produce a shareable, printable comic quickly	AI tools give single images with no story structure or consistent style	Text and image tools are separate and free API quotas are small	Overwhelmed and short of time
